

Student Enrichment Teacher Permission Slip

If you are planning on being involved in a school-sanctioned field trip, event or activity, you must be demonstrating success in your classes and have your teacher’s approval, especially if you will be missing class. This includes college visits, special field trips, special in-school activities, clubs, athletics, etc.

Please note, this form should be completed **before** the event/activity. If you miss class, it is your responsibility to gather any missing work **in advance**. You are also expected to return directly to class upon arriving back at school or when you are completed with the event. This slip should be turned into the teacher in charge of the event or activity. If you will only be missing part of the day, get this form filled out for only the classes you will miss.
